

Connector-Literature Circles

Name: Courtney
Date: 11/28 Dec-12/15

Book: Green Book
Assignment: Chapter 3 work Job

Connector: Your job is to find connections between the book you are reading and the outside world. This means connecting what you read with your own life, to what happens at school or in the community, to similar events at other times and places, or to other people or problems. Once you have shared your connection to this section of the book, each member of your group will also relate their own connection to the book, although they may refer to a different passage.

Describe the part in the book, and then explain your connection.

When you are in a group to get a job or task done it's important that everyone does their fair share. Group members will get angry if another group member looks like they're not on task. In the story father was not helping plant the seeds for three days when work was being done. But what he was doing was making a seed drill that will help to make planting easier he got the idea out of the book he brought.
